DEVELOPING THE TALENTS OF WOMEN FOR 125 YEARS
Converse was founded in 1889 upon the mission to educate students to “see clearly, decide wisely and act justly.” This mission rings true today more than ever as Converse develops engaged, adaptable, ethical and globally aware citizens who effect positive change in the world.

Students find their voice here and are empowered from experiencing the distinctive advantages of a unique customized education at a private women’s college.

At Converse, we dare students to dream big, to get involved and to find their voice. Contact a counselor to learn more!
